The marginally noted Chattrams which existed in the neighbourhood of Mysore were abolished, and their Jasdiks to the extent of Rs 13172-15-11 together with the Jasdik of Rs 12000-- payable to the Chattram in Mysore City, were, under the orders of His Highness the late Maharaja dated 29th October 1883, devoted to the maintenance of both the Chattrams and the Sanskrit-College in Mysore. These two Institutions were then under one management with a common establishment, the Chattram also serving as a Boarding house to the Students of the College.

2. Towards the close of 1890, the feeding of the Students in the Chattram was discontinued and instead, it was ordered that scholarships in cash should be paid to 100 Students at the rate of Rs 4--- each

3. In October 1892, under

orders conveyed in Government Proceedings No 48-50 Mlux: F 25-92 dated 31st. October 1892, the funds allotted in 1883 for the maintenance of the Sanskrit College and the Chattrams were supplemented by an Educational grant-in-aid of Rs 6500---; and the total sum of Rs 31672-15-11 thus become available was re-distributed between the two Institutions as follows:—

Chattrams	Rs 17,950----
Sanskrit College	13,722-15-11
Total	Rs 31,672-15-11

4 Again in July 1894, the Educational grant-in-aid to the College was increased by Rs 2500---- under Government Proceedings No C 10-11 (Educational) dated 26th July 1894, to meet the additional cost incurred in opening English classes &c

5 Thus the funds now assigned to the Sanskrit College in Mysore amount to Rs 16222-15-11 derived from the following sources:—

Out of Rs 13,172-15-11 secured by the abolition of the Chattrams referred to in para 4	Rs 7222-15-11
Grant-in-aid from the Educational Department	Rs 9000----
Total	Rs 16222-15-11.

II

Funds assigned to the Bangalore Sanskrit College.

The Sanskrit College in Bangalore City is supported by funds derived from the following sources:—

i. Grant-in-aid from Government in the Educational Department	A year Rs 1500----
ii. Contribution from Bangalore City Municipality	600----
iii. Contribution from the Sringeri Matt	1200----
iv. Contribution from the Parakala Matt	360----
Total	Rs 3660---- a year

2 On the representation of the College Committee that the contributions obtained from the different sources specified above were not always received in the beginning of each month and that on this account, that the teachers of the College were often put to much inconvenience by their salaries not being disbursed by the 3rd or 4th of the month, the Government in their Proceedings No. $\frac{537-41}{L.F\ 219-93}$ dated 12th July 1894, have been pleased to direct that the whole of Rs 3660---- required for the College, should

be provided for in the Educational Budget and the establishment salaries paid out of it every month, the contributions payable to the College by the Bangalore City Municipality, the Sringeri Matt and the Parakala Matt being in due course recovered by the Deputy Commissioner of Bangalore and credited to the Educational funds.

III Funds assigned to the Anna Chattram in Bangalore.

This Chattram was formerly one of the Muzrai Institutions with an annual Jasdik of Rs 1563-5-0. In 1873 the Chattram was found to be mismanaged and its funds grossly misapplied; thereupon it was suggested to the late Chief Commissioner, by the Commissioner of the Nandidrug Division, that the feeding in the Chattram might be discontinued and the allowance allotted for the purpose entirely withdrawn, the Chattram being converted into a mere rest house with a small establishment to look after the building. But the then Hg. Chief Commissioner Mr. Gordon while recognizing that the Chattram allowances

were

were grossly misapplied, declined to withdraw the whole of the feeding allowance all at once and directed in his order No. 219 dated 16th April 1873 that only Rs 800- of the Jaedik should be withdrawn and attached to Govinda Chetty's Chattram, which had just then been constructed in the Cantonement and that the remaining allowance of Rs 763-5-0 should be continued to the Petta Chattram on the understanding that the same would be withdrawn too, if after a year's trial the management of the Chattram did not improve. The Chattram thus continued to receive an annual allowance of Rs 763-5-0 from Muzrai funds till 1883.

2 In 1883, under Dewan's order No. 919-22/62 dated 26th May 1883, the City Municipality was relieved of the Town Police Charges and in the arrangements then made, the Chattram along with other local charitable institutions was transferred to the management of the Municipal Board, and its allowance of Rs 763-5-0 which had till then been paid from the Muzrai

funds was ordered to be met from the City Municipal Revenues.

3. The payment of Rs 800- to Govinda Chetty's Chattram referred to in para 1 supra was discontinued after the Rendition and this allowance also was transferred back to the Petta Chattram under orders of the Dewan dated 27th March 1884. In the same month-viz, March 1884, the students of the Bangalore Sanskrit College (then only a School) petitioned the Dewan praying that orders may be issued to feed them at the Petta Anna Chattram. This petition was forwarded for disposal to the Municipality under whose management the Chattram was at the time. And, as the allowance of the Chattram had just before been augmented by a Muzrai grant of Rs 800- as explained above, the Municipal Board, in their meeting held on the 29th July 1884, resolved that Sanskrit students not exceeding 10 in number should be fed at the Chattram But this Resolution was not, however, given effect to for some Years; and when in the year 1892,

this fact was brought to the notice of Government by the Principal of the Sanskrit College, the Government were pleased to issue an order in the Muzrai Department N° 562-3 dated 14th March 1892, directing that 15 students should be fed at the Chatiram out of the Muzrai grant of Rs 800-, which the institution was receiving. Under this order which is still in force, the students are being fed in the Chatiram

In February 1894, the Municipality applied to Government for an additional grant of Rs 100- a month to meet the charges incurred to feed the Sanskrit students at the Chatiram. This question was referred to me for report and I then reported to Government that the Chatiram had been receiving an annual grant of Rs 800- from Muzrai funds which was quite sufficient to feed 15 students daily, specially as they received only one meal a day, and that therefore the application of the Municipal Board for an extra grant for the purpose was untenable. I further added that in case the Municipal Board were unwilling to undertake the feeding of the students without an additional grant, I was prepared to make other arrangements for

the feeding of the students independent of the Chattram with Rs 800- paid to the Chattram from the Muzrai Department. Thereupon the Government were pleased to pass the following order:—

"No additional grant can be made by Government for the Chattram. If the Municipality is unable to maintain the Chattram and also feed 15 students as directed by Government in their Proceedings No ill 562-3 dated 14th March 1892, without the additional grant applied for, Government wish to know whether the Municipality is willing to transfer the Chattram to the Muzrai Superintendent with an annual contribution of Rs 764, as was once proposed by the Board in their Proceedings dated 20th January 1893. The Muzrai Superintendent says that he can maintain the Chattram and also feed 15 students with the grant of Rs800 from Government and the contribution of Rs 764- from the Municipality."

5. On this, the Municipal President again in his letter dated 27th November 1894 represented to Government that the feeding of the students

Should

should be discontinued as the Chattram funds were inadequate to meet the wants of travellers. This, again the Government declined to do and passed the following order No. 9821-3 / 2 F 42192 dated 17th December 1894 on the subject —

"Government are not prepared to withdraw or modify their order of the 14th March 1892. The feeding of the students out of the Muzrai grant of Rs 800- should be continued till further orders. If the Board are not able to manage the Charities connected with the Institution with the funds placed at their disposal, without stopping the feeding of the students, they are requested to transfer the management of the Institution with the unexpended balance of the Muzrai grant of Rs 800 and of the Municipal contribution of Rs 764 to the Muzrai Superintendent."

It will thus be observed that the question was finally settled by the last order of Government issued so recently as December 1894

1894; and yet the Municipal Board have thought fit to re-open the question once more, and now request Government to re-consider the orders already passed after due consideration of the connected circumstances.

7 If the Municipal Board are unable to maintain the Chathram without discontinuing the feeding of the students, then, the only course open to them will be to transfer the management of the Institution to the Mussaii Department as directed in Government Proceedings No. 9821-3 dated 17th December 1894.

I have taken the liberty of making a few notes in the margin of the Mangrai Sastri's memo

Chathrams are intended for travellers and in feeding the really destitute and helpless poor. Idlers and others should not be allowed to resort to anna chats.

The support which the Govt already gives Sanskrit colleges and Sanskrit studies in the Old Mangrai Depts is ~~enhancing~~ increasing, and I would certainly not open any anna chathrams also to Sanskrit Chathram Students who stay almost permanently in Bangalore or elsewhere.

That a Committee should decide any question of Fr. 7 - set aside for anna Chathrams intended for poor travellers really destitute persons & Students pursuing their studies is more in principle - If this is to be allowed at any rate poor

Send this to the Dist. Commissioner. This memo explains the Mangrai side of the question.

The Anna Chathram has only Rs 763-5-0 attached to it. When Mysore was relieved of Police & other charges were transf. to it I believe only this Sum from Govt - Rs 800/- was added. Subsequently to maintenance of Some Sanskrit & Students in accordance with the policy that such a charity was really more useful than feeding an idle No. of idlers. It is also because this Condition, which H Mysore wants to get removed

Shd it be allowed to do this? and who? Please see the previous orders

Feeding of Sanskrit Students at the Govt Chattram at Bangalore

1). The draft Govt order (marked A in blue pencil proposed to be issued in the Municipal Dept does not commend itself to me - The Cancellation of orders of 15th Septr 94 & 14 March 1892 now proposed is in my opinion highly inexpedient but most unfortunately I have been unable to induce the Chairman & Council in this view

2) The Municipal Supts memo of 15 May 95 contains a statement of the case from the Municipal point of view - The Chairman has seen and commented upon it by means of marginal remarks

3). I am of opinion that it will be extremely unsound policy to unsettle existing arrangements, because it is conceived they unduly favor a particular class. Vested interests always count for much.

4). From the Municipal Presidents' letter No. 11 of 15th July 1895', the following points can be gathered & special attention to them is necessary for a correct decision of the question now under consideration

(a) The Munsif was relieved of his
executive duties amounting Rs 26 000 odi
in 1883/84, and they now spend
a like sum on certain specified
Charities. This latter sum does not
take into account at any rate
the Mungeri grant of Rs 800 given
for the Annam Chatrum.

(b) In revision of the arrangements
made in 1883/84 the Munsif gets
from Govt the following cash grants
5 800 - for Sitarabam Works
5 500 - from Land Rev
800 - Mungeri grant
12 200

(c) The Munsif does not maintain
the Land Rev, as a Reserve
for Charitable purposes, as was
the orgl intention.

5) I am of opinion that Govt would
be perfectly justified in withdrawing
the Mungeri grant of Rs 800/ if
the Munsif is unwilling to feed
the Sanskrit Students, as per
orders in force.

6) This feeding of Sanskrit Students

has work in it in part to the closing of the Annna chattrams for many days in the year and no good financial reason can be advanced for relieving the municipality of this ~~obligation~~ charge

7) The Annna Chattrams in the State are intended for the feeding of Brahmin travellers - This foreign idleness of Course and this has in several places the abuse of Negroes has crept in & Everywhere Establishment swallows a good portion of the grants. Govt in the Muzrai Dept have been gradually introducing some reform into the management of ~~these institutions~~ these institutions, in ~~gradually some~~ the following manner :-

(a) Where the funds allow, help to poor Students - especially of the religious literature of the Land - is given - This is very Sound policy - History every where shows how ~~grants~~ Endowments having their Origin in religious zeal are in more advanced times diverted to Education - If the Educate preferred is Sanskrit the diversion will be less unpopular with the Brahmin

Class for whose special benefit the Endowment was originally made.

(b) – It has been ordered that for the Chattram that no Regimis shall be newly made – these "Regimis" are often dependants of Mr Wals who have the management of the Chattram To abolish the Regimis will be real reform – to abolish the Students would be retrograde in the extreme. And the Bangalore Chattram spends largely on Regimis & does not want to spend on Students I shall look into the former's question day & bye

& (c) Wherever possible (in case of Railways &c) we have been dispensing with cable Establishments & abolishing the distribution of Cooked food and substituting grain doles in lieu –

8). The above remarks regarding ~~Export from~~ the question of the direction in which real reform should ~~proceed~~ and has proceeded, will show that the order of 23 April

last we highly incompetent in
the terms it uses –

1) The policy of non-favoring any
particular Class or Caste guides
the present Govt of Mysore – But
that Govt is bound to respect.
Vested interests The apparently
is not always remembered –
Moreover the Govt Shd recognise
as a settled rule never ~~to~~ in
its orders to use any expressions
which can lead to the impression
that it wants to favor one
Class at the expense of another
or to put down any one class
~~befor~~ because, by hereditary or
history it is in the ascendant.
I think Civil Govt fully warrant
my asking that our Govt
Shd strictly adhere to these
~~Hop~~ Aryocratic principles
~~to which~~ above referred to

10) – With the foregoing remarks
the whole file Shd be
Circulated ~~with a Circular~~ to
Members of Council and

Yours sincerely
Devon.

Sir,
I am please also to
send an draft
of 15 July 1895

I think that it is fitting with the times
and a sound policy to reform the Municipal
Charitable institutions, and to do away with all
useless and objectionable restrictions, applying
all the savings to the education of the poorer of the
classes to which the institutions belong, if not to
the poor students in general. This is a reform
movement and it is high time that it should be
effected.

In the present case I would not withdraw
the help from its present recipients who, it is

I suggest that he continued selected as hereto fore at the Chattrams with otherwise disposed of I would add to the present number of the students now getting any vacancy and accept them. As however the Municipality expresses its inability to feed the students without interfering with the funds of the poor the orphans I would help the Municipality to the extent required. I am not at all in favour of feeding students out of the allowance made for poor the orphans. Especially in such case in particular Chattrams as the one in Bangalore

This is no question of rate payers
It deals with ~~a~~ a sum of

The question of feeding the
students is one which affects
the internal administration of the Institution
and such a direction of the

as it is one of the means of
preventing its abuse. At the
same time I would not refuse
food to any needy traveller of
the class for whom such Chattrams
are intended - This object being
the primary intention of the
charity, the feeding of the
students becomes a matter
of secondary importance - As
the Mooppil Sect states that both
the purposes can be fulfilled
I see no reason why the
number of students should not be increased.
The Municipality is no more

11 Abstract of Minutes of Despat.

The anna Chatram is intended for poor travellers — It is objectionable on principle to feed permanently on this Chatram 15 Sanskrit Students — The Board consider they are unable to feed the Students as it may deprive or reduce the number of poor travellers and the really destitute persons who resort to it — Under these circumstances I consider it unfair and unexpedient to compel the Municipality to do what they have unanimously resolved they are unable to do 9.5 B Municipal Chatram

No. 116
Enc: 1

Dated 4th April 1895

From,

The President
City Municipal Commission
Bangalore

To,

The General Secretary
to the Government of Mysore
Bangalore

Sir,

With reference to Government Proceedings No. 9821-3 / 2742-92 dated 17th Decem 1894 declining to withdraw or modify the order of the 14th March 1892 about the feeding of Sanscrit Students at the Government Chattram I have the honor to state that the Board thinks that the feeding in the Anna Chattram should only be confined to travellers, and on that account the Anna Chattram should not be saddled with such a permanent charge as the feeding of

Students. In a large place like Bangalore there are not places wanting where a really deserving Student would be denied his food. The Resolution of the Board is submitted for the orders of Government.

I have the honor to be

Sir

Your most obedient Servant
